February 13, 1946

Dr. A. F. Blakeslee  
Department of Botany  
Smith College  
Northampton, Massachusetts

Dear Dr. Blakeslee:

This is just a note to express my most sincere appreciation of your hospitality during my recent visit. It was a great pleasure addressing your group, meeting old friends and making new ones. I especially enjoyed my visit with you and Mrs. Blakeslee and only regret that the time at your laboratory had to be so short.

With best regards,

Sincerely yours,

E. L. Tatum  
Associate Professor of Botany
